Bullying Policy

Purpose

Arkansas state law requires school districts to adopt policies to prevent student harassment and bullying. Policies must define bullying, prohibit bullying on school property, at school-sponsored activities and on school buses and state the consequences of engaging in bullying behavior. It also requires school employees to report incidents of bullying to the school principal or other school administrators as outlined. Additionally it calls for the policy to be clearly communicated and available to teachers, parents, students, and all other stakeholders.

Central Arkansas Christian School, in compliance with this legislation, and in full support of our student body as adopted the following policy. CAC seeks to provide the best educational setting for all its students and promotes an environment where students are able to learn, free from harassment and bullying of any kind.

What is Bullying?

Bullying is identified as any behavior, verbal or non-verbal that is intended to cause physical, emotional, psychological or social harm. Bullying may be direct (face to face) or indirect. Bullying behaviors that are not addressed generally escalate in to more aggressive behaviors over time. These are learned behaviors that can best be addressed by teachers who demonstrate and teach pro-social behaviors

While bullying is typically the repeated actions of one person directed toward or against another person, a single action can be deemed bullying or bullying behavior, based on the severity of the action. This one action could warrant consequences based on the current bullying policy.

Bullying Behaviors

The following is a list of behaviors that demonstrate bullying. A student who demonstrates a bullying behavior may not be a bully. It is the goal of CAC to reduce bullying by addressing these types of behaviors as they occur.

	shutting lockers or other doors to prevent access

2. Other examples of physical bullying include:

Cyber bullying

In as much as technological advances have provided opportunities for students to communicate electronically, the following behaviors will be considered bullying.

sending of inappropriate or threatening emails or text messages
creating or posting inappropriate or threatening information or
pictures on websites (i.e. Facebook, Twitter, Instagram, etc)

**These message postings are considered bullying or bullying behavior whether they are openly or anonymously sent.

Reporting Bullying

It is the responsibility of all faculty and staff members to report all occurrences of bullying behaviors as outlined in this policy. Parents and students who have knowledge of such behaviors are encouraged to report this information and may do so without fear of consequences. Additionally, students who feel that they have been or are becoming the victims of bullying behaviors should notify the school counselor, teacher, or administration. Those parents or students who report such behaviors should not be the target of retaliation or reprisal in any way. Such action will be dealt with seriously. Any individual who withholds information regarding bullying behavior or provides inaccurate or false information will be subject to disciplinary action including possible removal from school.

It becomes impossible for the school administration to investigate and address bullying incidences that are not reported. In order for action to be taken, bullying

must be reported when it occurs, rather than waiting several days or weeks to report misbehavior.
