

AUGUST NEWSLETTER

HELLO MUSTANG BAND FAMILIES!

I like to send out a newsletter each month to keep families in the loop. Here's the first one!

BREEZIN THRU THEORY

Each month, the band student with the most drills completed at 100% mastery will win a \$5 gift card to the restaurant of their choice! The last day to submit drills for this month is August 31st. Consider getting the app so you can work on drills anywhere you go!

PARENTS:

Do you play an instrument? 6th grade band is spending time learning about different instruments. I'd love to feature a video each week of someone they "know" playing each instrument. Bonus points if you're willing to do a Q&A on your instrument!

PERFORMANCES

I'm not setting any official dates until after labor day because the last thing we want is to cancel. That being said, we're hoping to have an outdoor percussion concert at the end of October. I'll send out more information on this as soon as I have it.

Virtual Learners

Our virtual musicians are doing awesome things! Some of you have expressed interest in participating in ensemble performances. If this is you, please have your parents send me an email. I am going to require at least 3 in person rehearsals the two weeks prior to the concert and I'd like to set up a "practice plan" to make sure students are as prepared as possible!

STUDENT SPOTLIGHT

Special shout out to Maysie, one of our virtual learners! Maysie asks thoughtful questions and it's evident that she works hard at everything she does.
